

RESOLUTION AUTHORIZING FILING AN AN APPLICATION WITH THE ARGONNE
NATIONAL LABORATORY FOR STUDY OF THE RELATIONSHIP OF AIR POLLUTION,
AIR POLLUTION REGULATIONS, AND ENERGY CONSERVATION TECHNOLOGIES

WHEREAS, the Boston Redevelopment Authority is the planning and redevelopment agency responsible for city-wide planning.

WHEREAS, Energy Conservation technologies may impact the air quality of the City, or may be unduly restricted by Air Pollution Control Regulations;

WHEREAS, the Department of Energy through the Argonne National Laboratory has requested cities to submit proposals for contracts to evaluate the impact of alternative energy conserving technologies on air pollution and of air pollution controls on energy conserving technologies;

NOW, THEREFORE, BE IT RESOLVED BY THE BOSTON REDEVELOPMENT
AUTHORITY

1. That Robert J. Ryan, Director, is hereby authorized to execute and file an application on behalf of the Boston Redevelopment Authority with the Argonne National Laboratory for a contract to study the relationship between energy conservation and air pollution in Boston, and to enter into an agreement with and accept funds from the National Laboratory to pay the cost of the work undertaken by the Authority and its consultants, and
2. The above-named authorized representative is hereby authorized to furnish such additional information and to utilize such outside consulting services at no cost to the Authority as he deems necessary or as Argonne National Laboratory may reasonably request in connection with this application.

November 20, 1980

MEMORANDUM

Tabled: NOVEMBER 13, 1980

4016

TO: BOSTON REDEVELOPMENT AUTHORITY
FROM: ROBERT J. RYAN, DIRECTOR
SUBJECT: APPLICATION AND CONTRACT AUTHORIZATION

The Department of Energy has made available, through the Argonne National Laboratory, funds for three to five cities to coordinate work on air pollution control and energy conservation technologies in urban areas. Because of our energy conservation work under the SAND contract and our air pollution efforts under the AQTADP Grant, the Boston Redevelopment Authority has been requested to apply for these funds.

If so authorized, the Authority will apply (with our consultants, The Mitre Corp. of Bedford, MA) for up to \$100,000 which would cover both staff and consultant services. The work will take place over a six to nine month period and will be completed by the end of 1981.

A Resolution authorizing such application is attached.
